MAI NGOC PHUC

Frontend Developer Intern

0335671851 ngocphuctizi@gmail.com linkedin.com/in/ngocphucdev Buon Ma Thuot City, Dak Lak

PROFESSIONAL SUMMARY

Third-year IT student with a strong foundation in **React.js** and modern web technologies. Proactive and performance-oriented, seeking a **Frontend Developer Internship** to apply technical skills in a professional environment. Committed to contributing high-quality code to team projects while continuously advancing expertise to become a professional software engineer

EDUCATION

DONG A UNIVERSITY 2023 - Present

Relevant Coursework: Web Development, Database Management, Data Structures & Algorithms.

GPA: 2.92 / 4.0

PROFESSIONAL EXPERIENCE

VNPT IT CENTER DAK LAK | Dak Lak, Vietnam 05/2025 - 08/2025

Intern

- **Hospital Management System (VNPT HIS)**: Provided technical support and operational training for medical staff at Ea H'leo District Medical Center.
- **Process Optimization**: Resolved critical technical troubleshooting issues during live operations to ensure system stability.
- **UX Improvement**: Acted as a bridge between end-users and the development team, collecting feedback to propose UI/UX enhancements.
- **Data Digitization**: Converted 500+ physical records into standardized PDF format using OCR technology, accelerating data retrieval for the national system.
- **Technical Documentation**: Restructured and visualized business workflow diagrams, increasing team collaboration efficiency by 30%.

TECHNICAL SKILLS

Frontend	React (Main), JavaScript (ES6), HTML, CSS (Tailwind CSS)
Backend & Database	Node.js, NestJS, Java (Basic), Python (Basic), MySQL, SQL Server
Tools	Git, GitHub, Figma, Postman
Languages	English (Technical proficiency, pursuing TOEIC 4-skills)

TECHNICAL PROJECTS

ENGLISH LEARNING WEB APPLICATION 01/2026 - 03/2026

Fullstack Developer

Link: https://learning-english-blue.vercel.app/ | GitHub: github.com/Leizjx/Learning-English

- Built an interactive learning system featuring real-time Flashcards and Quizzes using React logic for instant scoring and feedback.
- Engineered a Frontend **Auto-retry API** mechanism combined with Node.js scripts to bypass Render server "cold starts," ensuring 24/7 availability.
- Implemented secure authentication using **JWT** and **Bcrypt** password encryption to protect student data.
- Developed an independent Admin Panel for content management and optimized page load speed via API payload compression.

ACTIVITIES & INTERESTS

- **Volunteer**: Participated in Urban Environmental Protection campaigns and "Drink Water, Remember its Source" gratitude activities.
- **Interests**: Personal Development books, Technology, Gym (Fitness), and Traveling
